

LEXEL SYSTEMS

DELIVERING EXCELLENCE IN ICT BUSINESS SOLUTIONS

Founded over 35 years ago, Lexel is one of the largest privately-owned providers of ICT services and solutions in New Zealand. An agile and innovative organisation, Lexel has a team of over 170 people and annual revenues exceeding \$80m.

Through our extensive range of services and solutions, the team at Lexel delivers peace of mind for your ICT journey, with our experienced team implementing solutions to global best practice standards.

With extensive expertise in ICT services and solutions, Lexel consistently delivers on both quality and innovation, making sure you are fully informed when it comes to making the right decision for your business.

Lexel has specialist expertise in several key vertical markets; delivering customised solutions for retail, education, defence, finance, manufacturing, health and aged care sectors.

The name Lexel, (based upon the word 'excellence') represents our dedicated focus and promise to the market.

Across both New Zealand and Australia, customers can rely on Lexel's commitment to service excellence, every time.

OUR VALUES

People. Our people are our most valuable asset.

Results. Profitable growth for our organisation, our clients and our partners.

Integrity. Deliver on our promises, every time.

Dedication. Exceed our commitments to each other, our customers and our partners.

Excellence. Outstanding service and support in everything we do.

I would absolutely recommend Lexel to other businesses. The thing that I love about them, is that I'm able to pick up the phone, and they direct me to the expert I need to talk to in order to get my job done.

Lexel have been great about suggesting ways to improve our structure and system security and backups. When it comes to IT support, they really offer a pro-active and complete solution.

Microsoft Skype for business was Lexel's first project with the Polytechnic, and whilst it was a big technology shift for some of our users, it was made much simpler through the expertise and partnership with Lexel.
